Dear Media Little League Families and Friends,

During the next two to three years, there will be construction being done on Springton Lake Middle School. This will directly affect Babe Ruth, Rose Tree Soccer and Lacrosse and to a lesser extent, Media Little League. While we will be able to continue to use our current T-Ball and Continental Fields, the big issue will be parking.

Since the construction will alter the flow of traffic in the complex (it will be 2 ways) the Upper Providence Fire Marshall has mandated that all parking in the street along the wood fences is prohibited. If parking does occur, the Fire Marshall and School District will shut down the youth leagues (all games will be stopped).

The School District is adamant about the parking issue and will post No Parking signs along the fences.

We are making a plea to our constituents not to ignore the signs and park in only designated areas. This may mean walking a bit further; however, the permanent improvement the construction brings will far outweigh the temporary inconvenience.

Please let us know if you have any questions or concerns.

The Media Little League Board
